The author acknowledges with thanks the "Institut de Mathématique, Université Catholique de Louvain", for the award of a visiting Professor-ship during the summer of 76, when the main ideas of this paper were conceived. The visit was made possible by the kind efforts of Professor Lavendhomme and of Dr. Borceux.

The author is grateful to the referee pointed out some mistakes in the earlier drafts of the manuscript and also made suggestions for improved presentation. The author is also grateful to Dr. P.M. Nemann (Oxford) and Professor Helmut Wielandt for pointing out some facts which helped in the final presentation.
